

GNM EVENTS IN TORONTO WITH CAROLINE MARKOLIN, PH.D.

All GNM Events are held at the Monte Carlo Inn – Vaughan Suites
705 Applewood Crescent, Vaughan, ON, Canada
(30 min. from Toronto Pearson International Airport)

Saturday/Sunday, October 28-29, 2017

TWO-DAY LearningGNM SEMINAR

Location: Monte Carlo Inn – Vaughan Suites

Time: 9 am – 5 pm each day

Cost: CAD \$300 for both days (5% Couples Discount)

10% discount for attending all three GNM Events

Payment: Cash at the door or PayPal

Prerequisites: We strongly recommend that you watch Caroline's "Introduction to the Five Biological Laws" on the LearningGNM website.

Registration: www.LearningGNM.com (GNM Events)

Seminar Schedule and Content

Saturday 9:00 – 12:00: SYMPTOMS CAUSED BY “MORSEL CONFLICTS”

This Special Topic explains the causes of gum diseases, oral candidiasis (thrush), canker sores, tonsillitis, mumps, an overactive thyroid, hypothyroidism, digestive problems (vomiting, diarrhea), food allergies, disorders of the gastro-intestinal canal (Crohn's disease, colitis, Irritable Bowel Syndrome, diverticulitis) and cancers of the digestive tract (oral cancer, tongue cancer, esophageal cancer, stomach cancer, duodenal cancer, colon cancer, rectal cancer) from the GNM perspective.

Saturday 14:00 – 17:00: FEELING STUCK – CAUSES OF MUSCLE DISORDERS

This Special Topic explains the correlation between “motor conflicts” (feeling stuck, literally or figuratively) and the development of Multiple Sclerosis, Motor Neuron Disease (also known as amyotrophic lateral sclerosis or ALS), Guillain-Barré syndrome, Parkinson's disease, or Bell's palsy (facial paralysis). You will also gain a new understanding of what is commonly called a stroke (with muscle paralysis) and the causes of epileptic seizures based on the science of GNM.

Sunday 9:00 – 12:00: A NEW UNDERSTANDING OF HEART CONDITIONS

This Special Topic covers Dr. Hamer's medical findings about the relation between emotional distress and the development of heart conditions. Within the context of GNM, we will examine the standard theories claiming that a heart attack is the result of high blood pressure, clogged arteries, a poor lifestyle (smoking, cholesterol rich foods, lack of exercise), or hereditary.

Sunday 14:00 – 17:00: MEN'S HEALTH

This Special Topic is dedicated to men's health issues, including the causes of testicular cancer, prostate cancer, prostate enlargement, elevated PSA levels, penile yeast infections, genital herpes, and erectile dysfunction according to GNM.

Following the Special Topic presentation by Caroline Markolin,
**Dr. Alvin will share case studies,
providing valuable insights into the practical application of GNM.**

Each session includes an extended Q&A period.

This LearningGNM Seminar is ideal for those who are suffering from one of those conditions, for health practitioners who use or are planning to use GNM in their medical practice, and for people interested in enhancing their GNM knowledge. You will also be guided how to apply GNM in your daily life.

Newcomers to GNM are especially welcome!

Monday/Tuesday, October 30-31, 2017

TWO-DAY GNM in Practice WORKSHOP

Location: Monte Carlo Inn – Vaughan Suites

Time: 9 am – 5 pm each day

Cost: CAD \$350.00 for both days (5% Couples Discount)

10% discount for attending all three GNM Events

Payment: Cash at the door or PayPal

Prerequisite: Participation in the LearningGNM Seminar or attendance of previous GNM classes with Caroline Markolin or one of the LearningGNM Teachers

Registration: www.LearningGNM.com (GNM Events)

Workshop Schedule and Content

This two-day GNM Workshop emphasizes the practical application of GNM. You will be guided how to implement the knowledge of GNM in your daily life and, if you are a health practitioner, how to use the GNM paradigm in your medical practice.

Day 1:

- Learning how to identify the original conflict (DHS) based on current symptoms
- The significance of right and left-handedness
- Recognizing tracks that cause a “Hanging Healing” (chronic conditions) or trigger recurring symptoms (“allergies”)
- The preventive aspects of GNM
- Presentation of brain scan studies

Day 2:

- A glimpse of Dr. Alvin De Leon's clinical application of GNM from a client's perspective. Some of his clients will share with the group their experience with GNM and how the GNM knowledge helped them to cope with their symptoms.
- Live Cases invited by Dr. Alvin De Leon

Newcomers to GNM are especially welcome!

Friday – Monday, November 3-6, 2017

INTERNATIONAL GNM CONFERENCE

Location: Monte Carlo Inn – Vaughan Suites
Time: 9 am – 5 pm each day
Cost: CAD \$650.00 for four days (5% Couples Discount)
10% discount for attending all three GNM Events
Payment: Cash at the door or PayPal
Prerequisite: A firm knowledge of the Five Biological Laws.

Focus of the 2017 International GNM Conference

Understanding Mood Disorders and Mental Imbalances in the context of German New Medicine

Day 1-3

MOODS AND BEHAVIOURS caused by Biological Conflicts

Topics include: mood swings, lack of emotions, aggression, social withdrawal, perfectionism, motor tics, low libido, promiscuity, homosexuality, escaping reality, denial, getting easily lost, chronic unpunctuality, bragging, forgetfulness, dementia and confusion (Alzheimer), learning difficulties (Attention Deficit Disorder), hyperactivity (Hyperactive Disorder), maturity stop, submissiveness, controlling others, macho-behaviour, preoccupation with death, excessive talking, self-talk, sleep walking, out-of-body experiences, strong interests in spirituality and the paranormal.

MOOD DISORDERS and PSYCHOSES (“schizophrenic constellations”)

Topics include: depression, manic-depression (bi-polar disorders), obsessive compulsions, paranoia, hearing voices, delusions, megalomania, autism, personality changes, self-mutilation, suicidal thoughts, spontaneous crime

Day 4: Q&A session

Guest Lecture by Dr. Giovanna Conti (Italy)

“The Power of Archaic Melodies.

A New Understanding of Music through the knowledge of German New Medicine”

The annual **International German New Medicine Conference** offers a unique opportunity to learn, discuss and share GNM related questions and case studies with students from around the world.

Note: Caroline Markolin offers a 3 ½--day GNM Seminar on “**Mental Health**” also in **Ireland** on **April 12-15, 2018**. For details check the LearningGNM website (GNM Events / Europe)
