

GERMAN NEW MEDICINE SEMINAR IN CORK (IRELAND)

with **Caroline Markolin, Ph.D.**

April 13-15, 2018

Location: Cork International Hotel, Cork Airport.
The hotel offers a special rate for our seminar participants.

Time: April 13-15: 9 am – 5 pm

Seminar Costs: € 390; € 350 for early bird registration (latest: February 1, 2018)

Prerequisites: A firm knowledge of the **Five Biological Laws**. Please watch Caroline's video "[Introduction to the Five Biological Laws](#)" and study the [Five Biological Laws of the New Medicine](#) document on the LearningGNM.com website prior to the seminar.

MENTAL HEALTH

viewed from the perspective of German New Medicine

The seminar covers

MOODS AND BEHAVIOURS caused by Biological Conflicts

Topics include: mood swings, lack of emotions, aggression, social withdrawal, perfectionism, motor tics, low libido, promiscuity, homosexuality, escaping reality, denial, getting easily lost, chronic unpunctuality, bragging, forgetfulness, dementia and confusion (Alzheimer), learning difficulties (Attention Deficit Disorder), hyperactivity (Hyperactive Disorder), maturity stop, submissiveness, controlling others, macho-behaviour, preoccupation with death, excessive talking, self-talk, sleep walking, out-of-body experiences, strong interests in spirituality and the paranormal.

MOOD DISORDERS and MENTAL IMBALANCES (PSYCHOSES)

Topics include: depression, manic-depression (bi-polar disorders), obsessive compulsions, paranoia, hearing voices, delusions, megalomania, autism, personality changes, self-mutilation, suicidal thoughts, spontaneous crime

The knowledge of GNM helps us achieve a greater understanding of ourselves and those around us.
